PRESIDENT'S MESSAGE

Greetings,

As we enter summer, which marks half way through this year, I want to focus on “team based health care”, an approach we all should strive to adapt in our everyday practice. One that includes representing physicians in the battles medicine faces locally and nationally; promoting policies that protect our patients, our practices and our ability to care for our communities; and preventing regulations that contribute to the ever-increasing problem of burnout among physicians that is resulting in early retirement or career change, frustrations and even suicide.

I believe all physicians are responsible to protect the profession of medicine in the present and for the future. And no one can do that alone. We can do it as a team, listening to our colleagues, especially where their insights and needs differ from ours. I am so encouraged by talking to our medical students and young physicians, with their fresh ideas and outlooks, dedicated to the future of patient care.

Fulfilling our mission “to promote the science and art of medicine, the care and wellbeing of patients, the protection of the public health and the betterment of the medical profession,” we must advocate for physicians as professionals, enabling us to do what is right for our patients. To support the supremacy of the physician-patient relationship, which allows the unfettered sharing of intimate information and decision making, aware of but unhindered by purely economic factors. We must support physicians in all specialties and modes of practice, so that patients can choose to receive care in whatever forum best suits them.

Every idea starts with one person. The scholar Hillel said that a single candle can light a thousand other candles without diminishing itself. Each of us is such a candle. Each can inspire others to resist forces that impede our ability to care for patients, and each can promote positive changes. Each of us can encourage our colleagues to join us, whether actively or simply as members supporting our efforts. Our actions are for all physicians, and no one should be a bystander.

I know that when we work together to find common ground on issues and solutions, regardless of specialty or mode of practice, we can prove that the whole is greater than the sum of its parts.

Enjoy your summer with your friends and family.

Until next time, stay safe and healthy!

Sincerely,
Sunilkumar Rao, DO,MHA,FACC,FACP

EXECUTIVE DIRECTOR'S MESSAGE

Homebound Genesee County Residents Can Get COVID-19 Vaccination in their homes!!!

Genesee County Health Department has collaborated with the community, physicians, and medical staff to make sure those who need the vaccine get it. As of late, GCHD has developed a way for homebound patients to receive the vaccination. They saw a need and made sure to develop a plan to get those patients taken care of.

In days like today, it is so important to team up and get the job done. If you have internet access, you can help a patient, a family member or even a friend or neighbor that is homebound, them in getting signed up for a vaccination.

The following information is needed for the in-home vaccination form:
Please gather this information of the homebound patient and use the link below to enter it.

Name
Date of Birth
Phone number
Address
Reason for requiring a homebound visit for COVID-19 vaccination
Selection of Johnson & Johnson (Janssen), Moderna, or Pfizer
Does patient have a guardian?
*If yes, please provide guardian's full name and phone number

Genesee County Health Department staff will contact the patient or guardian to set up the vaccination.

Here is the direct link for the Homebound link:
<https://www.surveymonkey.com/r/homeboundcovid19vaccine>

Again, this link can be used by anyone to register themselves, a friend/family member or a patient.

Let us continue to battle this pandemic. Vaccinate!

I want to thank all of the members of the various medical communities belonging to Genesee County that donate their time and energy in achieving the immunity against COVID-19.

DAVID HOFF, MA, CCP

Annual Geranium Luncheon

The 2020-2021 year of the Genesee County Medical Society Alliance ended with the Annual Geranium Luncheon at the Warwick Hills Golf and Country Club. It started with a social time for those present to catch up with the each other, followed by the business meeting. President JoyDawn Hardman welcomed the Alliance members and guests, Genesee County Medical Society Past President, Dr. Ed Christy, and Executive Secretary, Jennifer Sanders. Dr. Christy commended upon the Alliance’s activities and fundraising efforts. He mentioned the need for both organizations to partner in supporting good causes in the community. Past GCMSA President, Judy McLeod recognized those members lost during the year in a memorial prayer. JoyDawn recognized the Board of Directors and gave a brief report on the year’s activities. Rula Ali, Immediate Past MSMSA President, was recognized and welcomed to speak.

It was, then, time for the delicious lunch. Past President, Liesbeth Fernandez, offered grace. The meal was enjoyed with plenty of camaraderie. It ended with all Past Presidents posing for a picture and taking home a plant given in their honor.

McLAREN HEALTH CARE NAMES NEW CHIEF OPERATING OFFICER

Chad Grant to oversee operations at 15 McLaren Hospitals

Philip Incarnati, President/CEO of McLaren Health Care (MHC), today announced the promotion of Chad Grant to the position of Executive Vice President and Chief Operating Officer for MHC. Prior to this promotion, he was the President of McLaren's Central Region directing the hospital operations of McLaren Flint, McLaren Greater Lansing and McLaren Lapeer Region. In this new role, Grant will oversee all hospital operations across the organization. The McLaren system comprises 15 hospitals, including 14 in Michigan and one in Maumee, Ohio.

Grant brings an extensive background of health care leadership experience, including successful management of acute care hospital operations, strategic planning, new business development and change management.

"Chad's in-depth knowledge of the McLaren system, combined with his expertise and proven track record in hospital operations, physician alignment and strategic planning will serve our organization well in building on market growth, access and quality initiatives," Incarnati said in making the announcement. "Chad's work ethic and collaborative focus have earned him respect from all members of the McLaren executive management team as well as our physician and board leadership."

Grant joined MHC in December 2014 as the President and CEO of McLaren Oakland. In this role, he also had management responsibilities for the McLaren Clarkston campus located in northern Oakland County. During his tenure at McLaren Oakland, he achieved success in growing volumes and market share and improving the clinical and financial operation of that acute care facility.

He was promoted in 2016 to President and CEO of McLaren Flint. In this position, he continued to elevate the performance of the Flint-based hospital, which is the birthplace of the McLaren system. In 2018, Grant was one of three executives promoted to the newly created position of Regional President, with responsibilities for McLaren's Central Region, which includes McLaren Greater Lansing, McLaren Lapeer Region and McLaren Flint.

Prior to joining McLaren, Grant enjoyed a successful, 20-year career in health care management at the Detroit Medical Center. During his tenure there, he held positions of increasing responsibility, culminating in the role of Chief Operating Officer at Children's Hospital of Michigan.

Grant holds a bachelor's degree in nuclear medicine from Siena Heights University and a master's degree in health services administration from Central Michigan University. He has multiple professional affiliations, including the American College of Healthcare Executives and the Michigan Healthcare Executive Group and Associates.

Easy Ways to Donate to the Medical Society Foundation:

The Medical Society Foundation is engaged in a Capitol Campaign. The purpose of the Campaign is to grow the corpus to support the charitable activities of the Genesee County Medical Society. Those activities include public and community health, support for the underserved, and wellness initiatives.

To continue its good work, the Medical Society Foundation is asking you to consider leaving a legacy gift to the Foundation. If all, or even a significant portion of our membership left just a small part of our estates to the Foundation, the Foundation could continue helping this community in so many ways, by supporting the Medical Society.

To make a gift, simply use these words:

In your Trust, "Grantor directs Trustee to distribute ___% of all assets then held in Trust or later added to this Trust to the Medical Society Foundation, to be held in an endowed fund and used in the discretion of its then existing board of directors in furtherance of the purposes of the Foundation."

In your Will, "I give, devise and bequeath ___% of my Estate to the Medical Society Foundation, to be held in an endowed fund and used in the discretion of its then existing Board of Directors in furtherance of the purposes of the Foundation."

While this is not a subject that is comfortable to broach, it is an opportunity to support the Foundation which supports the Medical Society's charitable activities on behalf of the membership. Please give. You can give via a trust or will. You can give from your IRA. You can give appreciated stock, and you can give cash. Please support the organization which does so much on behalf of the medical community and the patients we serve.

Don't Forget!
Donations are tax deductible!

The COVID-19 pandemic demonstrates how diseases without vaccines can devastate economic and public health. Vaccines have reduced and, in some cases, eliminated many diseases. In the U.S., there is currently no approved vaccine to prevent COVID-19. MDHHS is working with the CDC and Michigan stakeholders to prepare and plan for when the vaccine is available. 26 Years Healing Hands 5k Run/Walk

Another very successful Healing Hands 5 K Run/Walk was held jointly by Genesee County Medical Society Alliance, Pi Delta Chapter STII Nursing Honor Society and Sovita Credit Union to benefit the Genesee County Free Medical Clinic that serves the uninsured and under insured in the community. The day began with a light drizzle that did not deter the volunteers who showed up at 7:00 am to help set up. We had 103 total registrants, the highest number in recent times, with approximately 80 show up on the day of the race, including volunteers. DJ from Her and I Productions was on hand to play some great music. The preliminary numbers show that the runners, pledges and sponsors raised \$56,000 which is about \$16,000 more than last year's virtual race. A big thank you to all sponsors, walkers, runners, vendors, the DJ and volunteers for supporting the noble cause.

GHS Intensive Crisis Stabilization Services for Children and Young Adults

The GHS Children's Intensive Crisis Stabilization Team (ICSS) provides mobile crisis stabilization services, 7 days a week between 8:00am and 7:00pm to all children, youth, and young adults (ages 0-21) who reside in Genesee County. Calls during other hours are helped by our Crisis Line mental health professionals.

Reasons to call GHS:

- If you feel your child/youth is in a crisis
- The child/youth may hurt themselves or others
- The child is experiencing overwhelming confusion, anger, or emotional unresponsiveness

If you aren't sure if ICSS is needed, give us a call and we can help to explore options.

What happens when the GHS Intensive Crisis Team is called?

The team will provide an on-site intervention with the identified child or youth, and their support system. The team's main focus will be to help assess the crisis, utilize de-escalation techniques, help the child/youth and their family or support system to help with what is needed and to help determine next steps and long-term care.

Other services include:

- Crisis and Safety Planning
- Referrals to needed services
- Education on resources, diagnosis and services
- Collaboration and problem solving

* Psychiatric consults, as needed (does not include medication review for prescription)

** Intensive Crisis Stabilization services cannot be provided to individuals who are currently residing in inpatient settings: Jail/detention centers or residential settings (i.e. child caring institutions, crisis residential, etc.).
